Instead of the normal £895.00, you will pay £716.00. This offer will be taken down in the near future and once it's gone...it's gone. We are even offering the same discount on the monthly fee (which includes hosting). Instead of the normal £25.00/month, you will pay £20.00/month for the lifetime of the account. Remember, with eShop you are not tied to a contract, restricted to the number of items you can have on your shop and there is no data transfer (bandwidth) restrictions either.
